

FEE AGREEMENT FOR LEGAL SERVICES

TO: [lawyer/law firm]
Barristers & Solicitors
[address]

FROM: The Undersigned Parties
(jointly and severally)

We, the undersigned, wish to engage you as our lawyer and understand that you will bill us for your fees, disbursements and expenses and may require retainers in accordance with the terms below. In consideration of your acting for us, we agree with you as follows:

1. **Personal Liability:** In the case of services rendered for a corporate Client, the undersigned Principals will be personally responsible for payment of your bills and will indemnify you against non-payment of any of your bills by that Client.
2. **Parties:** If this Agreement is executed by one party or, in the case of a Corporate Client, by one Principal only, this Agreement will be read with all necessary grammatical changes. The agreements of Clients or Principals are joint and several, and each Client or Principal is responsible for payment in full of all bills in this matter.
3. **Calculation of Fees:** In most cases, fees will be based on the amount of time devoted to the file by the lawyer and staff, multiplied by the standard hourly rate for services. A fair bonus may be charged for obtaining exceptional results. Records of the time expended and disbursements and expenses incurred will be kept to calculate any bill. [Lawyer]'s rate is \$[hourly] per hour.
