

## RECYCLING POLICY

---

### **Purpose:**

Consistent with the business strategies of (company name here), the company is affirming its commitment as a responsible steward of the environment. As part of our emphasis to minimize adverse environmental impacts, the Company recognizes the need to continue enhancing our ongoing environmental activities.

### **Implementation:**

To demonstrate this commitment, (company name here) will:

1. Comply with relevant environmental statutes, laws, regulations and policies as the absolute minimum requirement in any location that we operate.
2. Recycle manufacturing and other wastes generated to the extent practicable within the business operating environment.
3. Continue to minimize the generation of waste materials while operating current recycling systems and continuing installation of systems where merited.

**THIS IS A 1-PAGE POLICY. THE FOREGOING IS A PARTIAL PREVIEW.**
